PXIe Multiprotocol Communication Module

- PCIe Gen3 x4 communication interface
- Single-channel, dual-redundant MIL-STD-1553 (transformer-coupled) interface
- 8-channel programmable RS-232/RS-422/RS-485 interfaces
- 2-channel 2.5 Gb/s Ethernet interfaces
- 7-channel open/GND discrete outputs
- 1-channel 28 V/GND discrete input
- 8-channel 28 V/open discrete outputs
- 1-channel external trigger input/output
- Optional conformal coating available
